

# 340B Medication Program

## FAQs

### What is 340B?

340B is a medication pricing program made possible by the US Federal government that assists in making medications affordable to those who are eligible. Those covered by Medicaid may not be eligible.

### How does 340B work?

Accordia Health is a 340B covered entity that partners with local pharmacies to administer the 340B program.

You benefit by receiving affordable medications to manage medical conditions and improving your health.

Accordia Health benefits when you fill medication at a 340B pharmacy by using the cost savings to serve those who otherwise would not be able to seek medical care and to maintain and grow medical services in our community.

### Am I eligible?

You must receive health care services other than just medications from Accordia Health, a 340B covered entity, and you must use a participating pharmacy.

### Where are the local 340B pharmacies?

You always have the right to fill prescriptions at the pharmacy of your choice, however, not all pharmacies participate.

A list of some pharmacies participating in the 340B program are listed on the other side of this card. A complete list of participating pharmacies can be found on our website:

[Accordia-Health.org](https://www.Accordia-Health.org)

If you find it difficult to afford your medications, please speak with your Accordia Health provider today.

[Accordia-Health.org](https://www.Accordia-Health.org)

Accordia Health provides services regardless of a patient's ability to pay. Discounts are offered on services based on a sliding fee scale depending on your household size and income. Contact Accordia Health for more information. Translation services are available. Calls received after normal business hours will be received by our answering service, and they will contact our on-call healthcare provider, who will call you back to help address your concern. Accordia Health is a Federally Qualified Health Center. This health center receives HHS funding and has Federal Public Health Service (PHS) deemed status with respect to certain health or health-related claims, including medical malpractice claims, for itself and its covered individuals.
