Patient-Centered Medical Home

Family Medical Care

Accordia-Health.org

Welcome to Your Patient-Centered Medical Home.

What is a Patient-Centered Medical Home?

A Patient-Centered Medical Home (PCMH) is an approach to primary care that leverages teamwork and technology to deliver care that is personalized, comprehensive, coordinated and more convenient resulting in better health outcomes for patients.

What does this mean for you?

In short: Better care and better health. Research proves that Patient-Centered Medical Homes improve a person's overall health and result in fewer emergency room and hospital visits, reduce the risk factors for heart disease, and lead to patients receiving appropriate therapy when needed.

Your Patient-Centered Medical Home Includes:

- You
- Your patient-selected primary care physician
- Your health care team
 - Medical assistants
 - Care managers
 - Mental health specialists
 - Patient coordinators
- Coordination of all your care, including:
 - Primary care
 - Hospital care
 - Specialty care
 - Home health care
 - Community services and access
 - Oral and written language and communication needs
- The right to seek a second opinion

What to Bring to Your Appointment

- Driver's license or photo ID
- Insurance card (if insured)
- Important things you want to discuss with your provider, including changes in your health since your last clinic visit, such as changes in your diet, breathing, skin or sleep
- A list of medications (name and dosage) or any changes to your medications including prescriptions, over-the-counter medications and herbal supplements
- Any forms that your provider needs to sign

Access to Care

Accordia Health is open Monday through Friday. We offer same-day appointments in most cases and accept walk-in patients for acute care on a limited basis. It is best to schedule an appointment by calling one of our offices. Our phone lines are answered 24/7 by a healthcare professional to address your healthcare needs.
